**Color Logo Maker Crack Torrent [Win/Mac]**

Color Logo Maker is a compact and portable application that you can use to create logos in just a few steps, as the name suggests. It primarily caters to users with little or no experience in such apps. As installation is not a requirement, you can just drop the executable anywhere on the hard drive and run it immediately. Otherwise, you can move Color Logo Maker to a USB flash drive or similar storage unit, in order to run it on any computer with minimum effort. It is also important to take into account that the Windows Registry area does not receive new entries, and files are not left behind on the hard drive after removing the application. The GUI of Color Logo Maker is based on a standard window with a plain and simple layout, where you can input the text caption and choose the colors. It is also possible to format font
